

ANTOINE FAUVILLE

DESIGNER BASED IN BERLIN, GERMANY

From a little town in Belgium, I became hooked on game development with "Age of Empires" and "Stronghold 2" where I created scenarios and multiplayer maps. I love Action games, RPG's and strategy games.

I REALLY GOT TO MAKE MY PASSION A REALITY WHEN I MADE MAPS FOR "BOMBSLINGER" AND "RESEARCH". I HOPE I GET TO DO MORE OF WHAT I LOVE.

WHEN I'M NOT WORKING, I SPEND MY TIME ON PROTOTYPING, GAMING, PLAYING INSTRUMENTS, READING, PAINTING.
